REPORT NO. [REDACTED]

1. As previously reported, one of the shipping methods used by the China-Export Corporation, Berlin, for forwarding goods bought in the West to China involves the shipping of the goods to Southampton for transshipment to the Far East with valid documents obtained with the assistance of Sternberg (fnu) of the Southampton firm of Syders.\*
2. Sternberg obtains these documents through one Wilfred King of the Dominion Export Co. Ltd., Stirling House, Randon Street, London, W. 1.
3. King is able to provide transit shipment licenses partly to Moscow and partly to Tientsin and demands five percent of the merchandise concerned for his services. The China-Export Corporation has already successfully made use of King's services on several occasions.
4. The tie-up between Sternberg and King is obscure. It is not known if they are both directors of the Dominion Export Co. Ltd., or whether they are merely associated in this export license racket.
